WHEREAS the purchasers of CAROENNA INDICO in England, imagine that, as in fact, general, it is in my power to prevent its being exported in such manner as to give room for FRENCH INDICO having a preference at the markets. **THIS IS THEREFORE TO GIVE NOTICE**, That in future every cask of INDICO, garbled and sealed by me, as FIRST SORT, will have a copper-plate certificate, in which will be specified, in case of dampness, the allowance I fixed at inspection; so that whatever indico hereafter is offered for sale without such seal and certificate, they may assure themselves has not passed my inspection: And, in order to distinguish my casks the better, they will all in future, be branded with a CROWN and G. R. and sealed in the same manner. The second and third sorts of INDICO, that pass my inspection, will be packed in casks of a different size, and sealed with black wax, and different tapes, for the government of the surveyors of his majesty's customs, according to the directions they shall receive from the board.

CHARLES-TOWN, OCTOBER 15. 1764.
Y the last accounts from England, to the 11th of August, it appears, that a civil war had been begun in Poland; that there had been some late skirmishes between the Russians, and a party headed by the Prince de Radzivil, which was almost ruined; that Count Branicki was deserted by most of his troops; and that Count Poniatowski is the most likely, of all the Candidates, to be advanced to the regal dignity. — That the court of Spain has formally disavowed, and condemned, the proceedings of its governor of Merida, &c. in regard to the English logwood-cutters in the Bay of Honduras. — That the Corsicans continue successful in their operations to cover their independence. — That on the 27th of July died in London, the right honourable Earl of Bath, formerly the celebrated WILLIAM PULTENEY, Esq. And that the subject of appointing an Arch, and 12 suffragan Bishops, for the religious government of America, was under consideration.

From New-York, our advices are to the 4th instant. By them, we learn, that a considerable number of English prisoners have been delivered up by the Indians, to Sir William Johnson, who had negotiated a peace with them. But that the Delaware and some other nations have recommenced their outrages, which have occasioned some sudden and brisk movements in the army raised to crush them.

All the Indian nations that surround these Southern provinces have been peaceable, and quiet many months; so that John Stuart, Esq. his majesty's superintendent in this department, will, in all probability, have very little trouble in their affairs. — While they are at peace with us, the intelligence from the different nations is of very little importance; but whatever there has been for upwards of six months past, has, and probably may hereafter, come only thro' one channel, at least for some time.

The temporary line of jurisdiction between North and South-Carolina, we hear, is finished; by which many very great inconveniences will be removed, and many disorders suppressed. Capt. Lyford, from the Havana, the 1st of August, on the Bahama-Bank, spoke with John Stuart, Esq. superintendent of Indian affairs in this department, on board the Live Oak, Capt. Lawrence, bound for Pensacola, having been then about 20 days out from St. Augustine, on his way to Pensacola and Mobile.

On Friday last arrived from London, at Cape-Fear, the hon. Col. Tryan, lately appointed lieutenant-governor of North-Carolina.

Mandamus's, we hear, are come over in the last ship from London, for appointing Sir John Colleton, Bart. and Henry Laurens, Esq. members of his majesty's council in this province.

The ship Marquis of Granby, John Kitchen master, is just arrived here from Gambia, with 200 fine slaves, to Messrs. Middleton, Ligon, & Hope.

On Wednesday next will begin, a court of general sessions of the peace, oyer and terminer, assize and general goal delivery. Friday last sailed on a cruise, his majesty's ship Tryal, commanded by James Wallace, Esq.

The Speedwell man of war, Capt. Fanshawe, is arrived at Providence.

Charles-Town, October 13. 1764.
Mr. TIMOTHY,
SOME few months since, the commissioners of the pilotage for the bar and harbour of Charles-Town, accompanied by several persons well acquainted with both, took a great deal of pains to survey and examine them, in order to fix upon proper places whereon to erect BEACONS or LEADING-MARKS to the bar, for the benefit of strangers falling in with it in the daytime; which measure has met with universal approbation.

But is it not full as necessary, that something should be done for the guidance and safety of shipping in the night? — The trade of this port is already very considerable, and daily increasing; vessels often pass by the bar in the night, and when fallen to leeward, are frequently kept at sea a week and more, nay sometimes meet with accidents, only for the want of a LIGHT-HOUSE.

Now, suppose the plan of that beacon which is directed to be built near col. Robert Rivers's house, should be enlarged, and made sufficiently high, it would answer both purposes of beacon and LIGHT-HOUSE, and the additional expense of the building (exclusive of the lantern) would be no great matter. — As to the charge of oil, and a person to attend the LIGHT-HOUSE, it might be defrayed in the same manner as is done in England or Holland, by paying so much tonnage for every light passed. — Vessels using this trade, have long paid towards buoys and beacons, I am sure they would cheerfully pay also for a light to see them.

Let your lights shine upon the coast,
That ships bound in may not be lost;
And it will give singular pleasure to, Your's, &c. LUMA.
